

Next Steps

Course Profile

Who's it for?

The programme is designed to engage learners of different levels of ability, aged 13 - 16.

How is it delivered?

The programme is delivered by highly experienced, qualified facilitators, all of whom have enhanced CRB, to groups of up to 100 students in a 2.5 hour programme.

Course Overview

The 'Next Steps' programme guides students through the post-16 options that are currently available and gives them a greater understanding of how to improve their success when job hunting offering them the best possible chance of post-education employment success. Responding to the needs of each learner it shows how to access advice and guidance and to understand the skills and qualifications they need to pursue their ambitions. Students will gain a greater understanding of the importance of KS4 and post-16 subject choices on long term work and career opportunities. Adhering to IAG this programme is mapped to the matrix standard empowering young people to plan and manage their own futures providing comprehensive advice on routes to service providers, labour markets and opportunities - local, regional and national. It actively promotes equality of opportunities and challenges stereotypes.

Aims & objectives

- To better understand the link between education achievement and employment opportunities
- To understand the range of pathways available and be enabled to make independent choices
- To be motivated to be successful
- To understand what local and national support is available
- To enhance their abilities to conduct independent research for job, career and educational opportunities
