- Years 8 - 13
- Up to 150 students
- 2 ½ hour programme including break

Prices for the day include 2 sessions of 2 ½ hours for up to 150 students per session. POA.

Course Overview

This dynamic programme gathers together a combination of practical strategies and techniques for studying with modern research in Accelerated Learning and Neuroscience. The content is based on over 30 years of combined experience and research into effective study habits. This programme will enable your students to learn efficiently and effectively. Through an entertaining and interactive seminar, students of all abilities will discover how they learn and how to learn quickly. Students will engage with tools and techniques that they can use immediately in the classroom or at home.

Aims & objectives

- To demonstrate easy-to-use study principles and techniques in action
- To create a powerful positive learning experience for pupils
- To raise pupil awareness of how easy it can be to absorb and retain knowledge
- To increase pupil confidence and belief about learning
- To stimulate a positive attitude towards study and learning
- To enable students to take control of their learning

What you will receive

- An entertaining and interactive programme
- A guided workbook for each student
- A tried and tested seminar programme already delivered to over 250,000 students
- Delivered by a top class professional presenter
- Follow-on exercises to practice and embed the techniques
- A copy of 'The Secrets of Successful Students' for your library
- Key overview slides to reinforce ideas within assemblies or tutor sessions
